Sup't. U. S. Mint Philada

Dear Sir.

The reverse die cracked suddenly the other day (or probably developed cracks that had been coming on for some time) and so badly that I thought it best to telegraph you immediately as by so doing it might save time. The die has not given way yet.

One of the Howell boys called at the exhibit yesterday with your letter of introduction, the other one I have not seen yet.

Very Respectfully
W. S. Beckley
